

Modern Languages WIYA Programmes: Terms & Conditions

This document applies to students undertaking a *With Integrated Year Abroad* programme through the School of Modern Languages. Students who are undertaking a Russian Language WIYA and studying (rather than working) abroad should refer instead to the *Undergraduate Study Abroad Terms & Conditions*.

Participation in a WIYA programme is a valuable academic experience that the School of Modern Languages encourages and supports. The purpose of this document is to set out the framework within which the University's external programmes operate and the obligations of participating students, all of which are essential to ensuring that students have a safe and successful WIYA experience. It supplements information given to students pre-departure by the School and the Global Office.

Programmes and Host Organisations

1. WIYA programmes involve a full academic year abroad in a host destination where either Arabic, Chinese Studies, French, German, Italian, Russian or Spanish is spoken.
2. The minimum duration of a WIYA programme is seven months, normally coinciding with St Andrews semester dates.
3. It may be possible to split the WIYA between two placements in different destinations, but this is unusual. Students should seek advice and approval from their WIYA Coordinator.
4. The School encourages suitable candidates to apply to the British Council's Language Assistantship programme. This is a well-established programme and the University works closely with the British Council to facilitate and support student participation.
5. Any student who wishes to organise their own WIYA work placement should consult their WIYA Co-ordinator at an early stage during the first semester of second year. Permission will be granted only where the School is confident that the placement will provide a suitable WIYA programme. An approved and signed Work Placement Agreement must be in place by 31 May.
6. The School will undertake a risk assessment prior to final approval and commencement of the programme. This may be an individual risk assessment or adaption of a generic one to suit a particular Placement and participating student.
7. At the end of the programme, students should complete an evaluation form, which will assist the University in reviewing and enhancing the WIYA programme.
8. During the WIYA programme, students must complete all academic requirements as stipulated by their Department in St Andrews.
9. Where a student wishes to withdraw from a WIYA programme after arrival at the host destination, re-joining the St Andrews semester will usually be possible only until the end of Week 1 of the St Andrews semester. Permission to return to St Andrews after Week 1 of the St Andrews semester would be required from the Associate Dean Students. It is extremely unlikely that permission to return to St Andrews after Week 2 would be granted and consequently would entail a leave of absence from St Andrews for either a semester or a full academic year.
10. Students are expected fulfil the commitments they have made to the host organisation in relation to responsibilities and duration of placement.

11. Requests to extend a placement should be agreed at least one month in advance of the end date of the original mobility period with the Global Office. A change of placement dates must be agreed in advance, particularly if the student is in receipt of any external funding.
12. Students should read the [University privacy notice: exchange of student personal data with partner institutions and other educational collaborations](#) prior to departure.

Pre-departure Orientation

1. All students undertaking work abroad for credit are required to attend a pre-departure briefing session organised by the Global Office. Details will be sent to students via email. Any student who fails to attend, without being excused in advance, may have their permission to study abroad withdrawn by the Dean.
2. In addition, students are expected to attend any briefing sessions organised by their Department within the School of Modern Languages.
3. Students are responsible for ensuring that they understand information given to them pre-departure. Any questions or concerns should be raised with the School or the Global Office before leaving St Andrews.
4. Participation in WIYA programmes will be conditional upon module results at the end of sub-honours. Honours entry is the minimum requirements for all programmes.
5. Students are responsible for ensuring that they have valid passports and visas for their WIYA destination. International students should seek advice from Student Services should they have any questions about returning to the UK at the end of a WIYA programme.
6. Students must [register their travel with the University](#) prior to departure.. The Global Office will send a reminder email to students with a link to the travel registration tool.

Communication

1. The University maintains regular contact with students on WIYA programmes, primarily via their St Andrews email account. **Students therefore have a responsibility to check their St Andrews email account regularly (at least twice per week), and to respond to University communications as requested and in a timely manner.** This includes returning WIYA documentation by stipulated deadlines.
2. Students must complete Online Matriculation at St Andrews by the University's stipulated deadlines.
3. Students must ensure that their Personal Details are updated with their overseas contact details via MySaint as soon as possible after their arrival at the host destination. This must include a contact telephone number (preferably both landline and mobile numbers).

4. While University staff are in regular contact with students during WIYA placements, it is expected that students will also be pro-active and contact the University should they experience any problems while abroad.
5. While abroad, the primary University contacts are the Global Office (outbound@st-andrews.ac.uk) and the student's WIYA Coordinator.
6. In an emergency out of office hours, students should contact the University switchboard: +44 (0) 1334 468999
7. The University will provide students with full details for University contacts, including emergency contacts, pre-departure.
8. The University will only assist with enquiries relating to the WIYA programme from next of kin where the student has authorised this pre-departure. Students can do this via the Pre-departure Agreement task in MySaint.
9. St Andrews and the host organisation may share information about a student as appropriate and relevant to the WIYA programme to assure students' personal safety and facilitate academic progress.

Accommodation

1. Students are responsible for organising accommodation on WIYA programmes. The University may be able to offer some assistance with sourcing estate agents and checking contracts. The University recommends that students research options thoroughly, and seek advice from the host organisation. Where problems arise with private accommodation, the University may be able to help in some circumstances, but cannot intervene in disputes with private landlords abroad.

Finance

1. Students who participate in a 60 credit WIYA programme will be liable for half their normal tuition fee for the academic year. Programmes in Russia will have an additional fee payable to RLUS, the programme provider.
2. Participating students are responsible for informing their funding body of their intention to undertake a WIYA Placement and clarifying with their funding body the support available for Placements. Students should note that some funding bodies may not provide full tuition fee funding for Placement programmes.
3. While on an approved WIYA programme, students will be covered by the University's travel insurance policy. Details will be provided to students at the pre-departure briefing.
4. All other costs, including travel, accommodation, visas and vaccinations are the responsibility of the participating student.

5. While on a WIYA programme, eligible students who have financial difficulties are entitled to apply to the University's Discretionary Fund as normal.
6. Students in receipt of an external placement scholarship or Mobility Grant, such as Turing Scheme funding, who withdraw from the programme prior to the agreed end date, will be required to return all or a proportion of the scholarship or funding to the University or scholarship donor. The proportion of the scholarship to be returned will be determined by the point in the academic year at which the student withdraws from the placement.
7. Students awarded a Mobility Grant must fulfil the conditions of their mobility contract. This includes the timely return of all documentation as specified by the Global Office. Students who do not meet the requirements of their mobility contract will forfeit their Mobility Grant and may be required to return to the University any funds already received so that these funds can be refunded to the National Agency for the programme.

Health and Disabilities

1. Students must be aware that health services and support arrangements will vary from destination to destination. It is vital to the success of the WIYA experience that students disclose any medical conditions and/or additional support requirements pre-departure, so that the University can confirm that appropriate support will be available at the host organisation.
2. Students with medical concerns should discuss these with their GP prior to departure.
3. Students are responsible for ensuring that they have any necessary vaccinations prior to departure.
4. Where appropriate, and in consultation with the student, the University may share information about medical conditions or disabilities with key contacts at the host organisation.
5. Students are strongly encouraged to notify St Andrews of any health concerns that arise during their WIYA period, and that may impact negatively on their academic programme or experience.

Safety

1. Safety and the welfare of students undertaking external programmes are paramount. Any student who feels unsafe in a host destination should report this immediately to St Andrews, to the relevant authorities at the host organisation, and to the British Council (if on the Language Assistantship programme).
2. Students should be mindful of general personal safety precautions and attentive to advice issued by the University pre-departure. This includes advice given about safety in particular destinations.
3. Students must follow any safety guidance or instructions issued by the host organisation.

4. The University strongly recommends that students register with their embassy or consulate on arrival at their host destination.
5. In the event of any international incident, the University will follow UK Foreign, Commonwealth and Development Office travel advice and will consider sanctions imposed by the UK government on a host destination. Instructions given by St Andrews staff in such situations will apply to all students, regardless of whether or not they are UK citizens.
6. Students who do not follow the University's guidance do so at their own risk.
7. In the unlikely event of an evacuation from a host destination, the University will make every reasonable effort to assist students with travel back to the UK or their home country.
8. Students should refer to [UK Foreign, Commonwealth & Development Office](#) travel advice webpages for their destination country prior to departure.

Student Conduct

1. St Andrews students who study or work abroad act as ambassadors for the University and consequently the University expects students to conduct themselves appropriately, with consideration and respect for the host organisation and the wider host community. While resident abroad, students should be mindful of the customs and laws of their host community. The University will view seriously any action by a student abroad that may bring St Andrews into disrepute.
2. The Student Conduct Officer may inform the Global Office of any serious non-academic misconduct issues which arise between the point of application to study abroad and before the commencement of the overseas placement. The Global Office reserves the right to withdraw an application or a study abroad offer when serious non-academic misconduct issues with an applicant come to light prior to the start of the placement.
3. While working at a host organisation, students will be subject to the disciplinary regulations of the host organisation.
4. While working at a host organisation, students will continue to be subject also to the [non-academic misconduct policy](#) at St Andrews.
5. Serious disciplinary incidents abroad may be reported to the University by the host organisation. Depending on the nature of the incident, the University may be consulted about an appropriate course of action. However, students should be aware that, ultimately, St Andrews is not empowered to waive disciplinary action by a host organisation.
6. The University may take additional disciplinary action where it deems appropriate. Such action may include:
 - A written warning
 - Conditions set on further participation in the programme
 - Expulsion from the WIYA programme

- Any disciplinary action as described in the non-academic misconduct policy.

Data Sharing

1. If you are studying or working abroad, you should read the [University privacy notice: exchange of student personal data with partner institutions and other educational collaborations](#) which outlines the University's policy in relation to the transfer of personal data to collaborative partnerships in the UK and overseas.

UK Student Visas

1. If you have a visa to study at St Andrews and have any questions about the implications of undertaking an external placement whilst matriculated at St Andrews, you should consult the Student Immigration Service International Advice Team (email advint@st-andrews.ac.uk).
2. If your external placement is an integral and assessed part of your degree programme, the University will normally continue to sponsor your visa while you are abroad. Where we continue to sponsor your visa, we will inform the UKVI that you are on an external placement. You must ensure that you engage fully with the courses/ activities stipulated in your Work Placement Agreement, and maintain regular contact with the University of St Andrews during your time abroad.
3. **Please note: if you have a Student Visa, this will not cover you for study or work in other countries. You should investigate what visa you require for your host country as soon as possible.**
